

**A) RFP REVISIONS:**

The following Exhibit materials are hereby incorporated into the RFP:

- Exhibit A-1 has been revised with added language, and is appended hereto as Attachment #1. The added language is yellow-highlighted.
- Exhibit B-1 is supplemented by the information appended hereto as Attachment #2A.
- Exhibit B-2 is supplemented by the information appended hereto as Attachment #2B.
- Exhibit B-3 is supplemented by the information appended hereto as Attachment #2C.
- Exhibit E-3: Form of Bid Breakdown for Diving Inspections, appended as Attachment #3, has been added to the RFP and must be completed and submitted as part of each bidder’s Cost Proposal, as detailed in Section V(D) of the RFP.

**B) PROVISION OF SUPPLEMENTAL DOCUMENTS:**

The following documents associated with the Pier A CM Project RFP are hereby attached:

- The February 20, 2024 Pre-Proposal Meeting attendee list – including the names and contact information of individual attendees, and the respective names of their firms (collectively, the “Pre-Proposal Attendees”) – is appended hereto as Attachment #4A.
- The February 20, 2024 Site Walkthrough attendee list – including the names and contact information of individual attendees, and the respective names of their firms – is appended hereto as Attachment #4B.

**C) BPCA’S RESPONSE TO SUBSTANTIVE QUESTIONS:**

The following responses are provided to substantive questions received by Battery Park City Authority (“BPCA”) by February 27, 2024, in connection with this RFP. The Responses are provided in bold, italicized print immediately following the Questions. Please note that all capitalized terms shall have the same definitions as provided in the RFP.

1. Can you advise if [a firm] is able to submit a proposal even if [it] missed the mandatory walk-through?

***Yes, but attendance at the Project Site walkthrough will be considered by the evaluation committee.***

2. Are the allowable loading conditions for the Pier A esplanade currently able to accept Sea Container’s/Storage etc. for contractors’ mobilization needs?

***Loading conditions will have to be coordinated with multiple contractors throughout the Project based on this Pier A load diagram:***

***[NO FURTHER TEXT ON THIS PAGE, APART FROM FOOTER NOTE; DIAGRAM ON NEXT PAGE]***

## PIER A LIVE LOAD DIAGRAM AFTER STRENGTHENING

1/8"=1'-0"

### NOTES:

1.  DENOTES AREAS THAT HAVE BEEN RATED FOR THE FOLLOWING SERVICE LIVE LOADS:
  - 1.1. 100 PSF OCCUPANCY LIVE LOAD (ALTHOUGH 125 PSF HAS BEEN ASSUMED IN THE DESIGN OF THE PROMENADE STRENGTHENING TO ALLOW FOR DETERIORATION OF TIMBER OVER TIME, THE MAXIMUM OCCUPANCY LIVE LOAD SHALL NOT EXCEED 100 PSF).
  - 1.2. 75 PSF CONSTRUCTION LIVE LOAD (COMBINED STAGING OF MATERIALS AND PERSONNEL)
  - 1.3. GENIE MODEL S-40 SELF-PROPELLED TELESCOPIC BOOM
    - 1.3.1. 9.5 k MAXIMUM AXLE LOAD APPLIED AS (2) 4.5 k CONCENTRATED LOADS SPACED APPROXIMATELY 7 FT APART
    - 1.3.2. 6.7 k MAXIMUM WHEEL LOAD APPLIED AS A SINGLE CONCENTRATED LOAD
    - 1.3.3. FOR AN AREA EXTENDING TWO PILE BENTS ON BOTH SIDES OF THE TELESCOPIC BOOM, NO SUPERIMPOSED LOADS SHALL BE APPLIED CONCURRENTLY WITH EITHER THE MAXIMUM AXLE LOAD CASE OR THE MAXIMUM WHEEL LOAD CASE.
2. VEHICLES WITH A GROSS VEHICAL WEIGHT RATING (GVWR) ABOVE 16000# (INCLUDING FIRE APPARATUS) ARE NOT PERMITTED ON THE PROMENADE.
3. COMBINED WEIGHT OF GANTRY CRANE, KEEL COOLER ASSEMBLY (INCLUDING WEIGHT OF SUPPORTING ELEMENTS), AND WAVE EFFECTS SHALL NOT EXCEED 13000# DURING LOWERING AND RAISING OF KEEL COOLER. FOR AN AREA EXTENDING TWO PILE BENTS ON BOTH SIDES OF THE CRANE CRANE, NO SUPERIMPOSED LOADS SHALL BE APPLIED CONCURRENTLY WITH THE 13000#.

3. Are the contractors for each project aware of the activity that will occur within the Pier A plaza due to the ongoing Resiliency project? If so, have they bid to any stated restrictions regarding parking, equipment storage, material storage, etc.

***Yes – coordination of all site access and labor harmony is the responsibility of the Pier A Construction Projects' Contractors (the "Contractors").***

4. Will the CM require underwater inspections as part of their scope? If so, can a quantity be established for proper fee pricing? IE: 1 day/week? 2 days/week?

***Yes, the selected Proposer (the "CM") will be required to perform underwater inspections as part of the Project's scope. See the revised Exhibit A-1 and the newly added Exhibit E-3 (as noted in A. - RFP Revisions, above) for the added scope item and for the requested cost breakdown associated with the pile inspection tasks, respectively.***

5. What is the construction value for each contract?

***Construction values have been added to the respective exhibits of the RFP. See Attachments #2A, 2B, and 2C, as noted in A. - Revisions to RFP (above).***

6. Will there be office space for the CM inside the Pier A building?

***BPCA will provide office space for the CM – either in Pier A or nearby at 200 Rector Place.***

7. Can a schedule be provided indicating the construction start and completion for each contract?

***The anticipated start and completion dates of the Pier A Construction Projects have been added to the respective exhibits of the RFP. See Attachments #2A, 2B, and 2C, as noted in A. - Revisions to RFP (above).***

8. Are all regulatory permits in place for the pile contract?

***Securing of the necessary permits for the Pier A Structural Repairs – Phase II Project is in progress. Such permits will be shared with the CM upon Contract award.***

9. Can we assume a May 1 start to the CM contract?

***Yes, however BPCA reserves all rights specified in Section III of the RFP.***

10. Are the 3 contractors aware that a CM firm will be managing their contracts for BPCA?

***Yes.***

11. RFP, PDF pages 8-9: Are the Commercial General Liability Insurance limits for Proposer correct in Section VII Insurance Requirements Subsection B at \$6M/occurrence and \$7M/aggregate? The limits are not typical and do not flow down to Subconsultants in Subsection C where limits are set lower at \$1M/occurrence and \$2M/aggregate. Is this in error? The Model Consultant Agreement (PDF page 334) Article 10, Section g states Consultant and Subconsultant Commercial General Liability is \$1M/occurrence and \$2M/aggregate.

***The insurance limits in Section VII of the RFP are correct. The limits in Exhibit D: Standard Form of Contract should be disregarded. Please note Section VII. C. states that "Subconsultants will also be required to obtain all other insurances listed in Section VII. B. (above), unless otherwise approved in writing by BPCA prior to commencement of any Subcontractor's work."***

12. Is diving or in-water inspection the responsibility of the Proposer, and if so, will it be an allowance to be included in the cost proposal?

***See the response to Question #4, above.***

13. Will there be space available within the Pier A building for the Consultant to use as a field office space?

***See response to Question #6, above.***

14. The pier's projected schedule is within the RFP. Are there construction schedules for the window/door and railing contracts?

***See response to Question #7, above.***

15. Please confirm that the construction contract for the railing has started and is currently in the submittal phase while the anticipated construction contract starts for the pier and door/windows are anticipate to start April 2024.

***Yes, the Pier A Railings Project contractor mobilized during the week of March 4, 2024.***

16. Can an extension on the proposal due date be considered?

***No – due to project-related time constraints, an extension of the Proposals due date is not possible.***

17. What are the qualification requirements for the key personnel?

***There are no particular qualification requirements for key personnel; BPCA's expectation is that the Project will be staffed appropriately and in an economical way in order to***

***oversee the concurrent construction work.***

18. Please provide a cost estimate and budget breakdown for all three projects.

***See response to Question #5, above. A cost breakdown for the three (3) Pier A Construction Projects will be provided to the selected CM following Contract award.***

19. Is there a budget limit for the CM contract?

***Please budget according to your proposed staffing.***

20. What is the expected start and completion date for each project? Any other specific milestones or sequence requirements?

***See response to Question #7, above.***

21. Are there any site specific challenges or restrictions (access issues, environmental concerns, working hours)?

***See the response to Questions #2 and #3, above.***

22. Are there any historical preservation requirements that could affect the window and door replacement process and cost?

***No, there are no such requirements.***

23. Is the landmark preservation commission application submitted and approved?

***No, this isn't required.***

24. Is there a geotechnical report available for the structural repair project?

***Geotechnical information about the Pier A Structural Repairs Project will be provided to the CM upon Contract award.***

25. Is commissioning required for this project. Shall we include this in the CM fee?

***No, this isn't required.***

26. Is the CM required to hire third party inspection and special inspection firms?

***Yes, but only for Pier A Structural Repairs Project.***

27. Does the contract require Prevailing Wage for divers?

***Yes.***

28. Please advise regarding the Reimbursable Expenses in accordance with Exhibit A-1?

***Please provide an estimate for reimbursable expenses as requested in the RFP's Exhibit E-1.***

29. Can an overall schedule separated by scope of work (Marine / Railing / Doors & Windows) be provided to understand project durations?

*See response to Question #7, above.*

30. Can the actual or estimated Contract values of each trade (Marine / Railing / Doors & Windows) be provided to understand overall budget of the project?

*See response to Question #5, above.*

31. Please confirm BPCA is holding trade contracts for the three scopes of work.

*Yes, BPCA will be in direct contract with the three (3) Construction Project contractors.*

32. Will field office space be provided within Pier A?

*See response to Question #6, above.*

33. Can BPCA provide the names of the awarded Trade Contractors on the project?

*The names of the Contractors will be provided to the CM upon Contract award.*

34. Will a staging area be provided in the vicinity of Pier A to store Material for Windows /Doors Scope and Railing Scope?

*An on-site staging area will be considered for the Pier A Windows & Doors Project. The repairs associated with the Pier A Railings Project will occur off-site.*

35. What Permits will be needed for all scopes of work?

*BPCA will be responsible for securing all permits needed for the Pier A Construction Projects.*

---

*By signing the line below, I am acknowledging that all pages of this Addendum #1 have been received, reviewed, and understood, and will be incorporated into the Proposal submitted. This document must be attached to the Proposal for consideration.*

**ATTACHMENT #1**  
**EXHIBIT A-1:**  
**CONSTRUCTION MANAGEMENT SCOPE OF WORK**  
**(REVISED)**

**OVERVIEW**

The selected Proposer will provide CM Services for three (3) discrete construction projects, each with separate designers and contractors (individually, a “Construction Project” and collectively, the “Construction Projects”) to be completed within the same overall Project Site at Pier A. The Construction Projects are in various phases of pre-construction planning and construction commencement but are anticipated to be performed concurrently over the Contract term. In addition, the Construction Projects will be performed adjacent to, and in some limited instances overlapping, the construction site for BPCA’s South Battery Park City Resiliency Project (the “SBPCR Project”); consequently, site access must be coordinated with the SBPCR Project’s construction manager, LiRo Program & Construction Management (“LiRo”).

Scopes of work for each Construction Project are attached as Exhibit A-2.

PROJECT	CURRENT PHASE
Pier A Windows and Doors Restoration, Repair and Replacement	Construction Contract Bidding / Procurement Phase in Process
Pier A Railing Restoration / Rehabilitation	Construction Project Awarded, Early Stages of Construction Underway
Pier A Structural Repairs – Phase II	Construction Contract Award Underway

**SCOPE OF SERVICES**

**A. General Responsibilities**

The responsibilities of the selected Proposer will generally include overseeing and managing work performed by the Construction Projects’ general contractors (the “General Contractors”), each of which will be retained under separate contracts with BPCA. The Construction Projects’ construction work will be performed in accordance with the respective Project drawings and specifications (collectively, the “Drawings & Specifications”) prepared by the Construction Projects’ architects/engineers (collectively, the “Architects/Engineers”), which are attached hereto as part of Exhibit B. The Pier A Structural Repairs Project schedule, which is currently available (the schedules for the other Construction Projects aren’t currently available), is attached hereto as part of Exhibit B-3.

The selected Proposer shall provide full construction management services throughout all phases of the Construction Projects, including pre-construction (where applicable), construction, and post-construction/close-out. The CM Services shall include, but are not limited to: constructability reviews, contracting assistance, overall management of the Construction Projects, coordination of the General Contractors and their work, and office engineering and construction inspection services. Specifically, the selected Proposer shall perform the following tasks, among others:

1. Monitor performance of ongoing work associated with the three (3) Construction Projects and their completion by the General Contractors and any Specialty Contractors (as defined in Section B below), all within the footprint of the Project Site –with quality of workmanship and strict adherence to the Construction Projects’ schedules and budgets being of critical importance. The selected Proposer shall work with the Architects/Engineers to facilitate the completion of all construction in a carefully

coordinated fashion, in accordance with these standards. Consideration must be given to Construction Project logistics including, but not limited to: phasing and sequencing, weather factors, workforce requirements, and staging.

2. Coordinate work between the Construction Projects, prepare an overall coordinated Construction Project schedule, and review/track contractor Critical Path Method (“CPM”) schedule.
3. Manage the overall Construction Project schedule, including pre-construction (where applicable) and construction milestone dates.
4. Collect and review all information pertaining to the Project Site and its immediate surroundings, to become familiar with any factors that could interfere with, or affect, the construction progress or pedestrian access.
5. Coordinate in advance with LiRo and the SBPCR Project team, as may be necessary and desirable, to facilitate access to the Project Site for the performance of the Construction Project work and for overall matters of work staging and coordination.
6. Oversee all financial aspects of the Construction Projects including, but not limited to: budgets, cost estimates, change orders, pay applications, and financial reporting (as specified herein).
7. Ensure that all work performed on the Construction Projects adheres to all relevant codes and all Local, City, State, and Federal regulations and guidelines.

#### B. Pre-Construction Responsibilities (Where Applicable)

1. The selected Proposer shall assist BPCA with questions or issues relating to the General Contractors’ contracts or scopes of work, and any additional consultants or construction firms (“Specialty Contractors”) necessary to complete the Construction Projects.
2. The selected Proposer shall, at BPCA’s request, assist in all aspects of the selection of Specialty Contractors (if any), or any replacement of the General Contractors (if necessary), including but not limited to assisting in the preparation or refinement of work scopes and proposal requests, proposal review and comparison, attendance at related meetings, responding to contractor questions, evaluation of proposer qualifications and reference review, and review and recommendation of proposals or quotes.
3. The selected Proposer shall familiarize itself with the Project Site’s access points and space constraints, to facilitate performance and completion of the Construction Projects with the fewest possible impacts to the surrounding areas, public convenience, and the community in general. The selected Proposer shall review and approve the General Contractors’ logistics plans before submitting them to BPCA for approval and shall monitor construction activities to verify conformance with the approved logistics plans.

#### C. Responsibilities throughout Construction

1. The selected Proposer shall monitor and oversee the Construction Projects and the work of the General Contractors – and ensure that the Construction Projects are completed in accordance with the Drawings and Specifications, and in accordance with BPCA’s objectives, budgets, schedules, and specified quality standards. The selected Proposer shall coordinate with the General Contractors to perform the work with minimal disruption to the community and general public, including minimal disruption to the areas (public and private) adjacent to the Project site. The selected Proposer will closely monitor and ensure that the General Contractors fulfill their contractual obligations with respect to labor harmony at and within the Project Site.

2. Before construction commences, the selected Proposer is responsible for developing, implementing, and submitting for approval by BPCA, CM procedures for managing the execution of the Construction Projects. This shall include, but not be limited to, general and special conditions, project directory, submittal processing procedures, tracking logs (for all Construction Project costs, submittals, plan & specification changes, change orders, etc.), daily logs and field reports, Project management reports, Project summary reports, meeting minutes, change order requests, requisitions, and site access procedures.
3. The selected Proposer is responsible for monitoring on-site work related to the Construction Projects during the pre-construction phase, where applicable, and for coordination of site access in accordance with BPCA's directives.
4. For the duration of the Project while public access to the Project Site is restricted, the selected Proposer will ensure that the General Contractors maintain adequate fencing, barricades, signage, and safety precautions for the protection of the general public.
5. The selected Proposer shall be responsible for working with the Architects/Engineers and arranging meetings with Specialty Contractors, equipment manufacturers and industry specialists in order to assist in the selection of technically viable solutions, determine the availability of material, and develop and prepare associated cost estimates.
6. The selected Proposer shall provide cost estimating services to BPCA to verify the construction budget and evaluate contractors' prices, unit costs and change orders.
7. The selected Proposer shall track the disposition of all General Contractor submittals including general requirements (bonds, insurance, etc.) schedule, procedures, materials, shop drawings, sub-contractor and supplier qualification submittals in accordance with the Drawings and Specifications.
8. The selected Proposer shall review and approve the General Contractors' payment applications before they are submitted to BPCA for approval and payment, and shall promptly advise BPCA whether those payment applications are complete and accurately reflect work satisfactorily completed and are consistent with the terms of the contracted work. If necessary, the selected Proposer shall coordinate with the General Contractors to revise payment applications before they are submitted to BPCA.
9. The selected Proposer shall review and track the General Contractors' CPM schedules for conformance with contractual milestones and shall promptly notify BPCA and the General Contractors of any actual or anticipated failure to adhere to the CPM schedule. If the General Contractors propose changes to the schedule, the selected Proposer shall review the proposed changes, recommend approval or denial of the revised schedule and, if approved, track the revised schedule and adjust its inspection schedule and staffing accordingly. The selected Proposer shall be prepared to review the General Contractors' proposed schedules in detail at the construction kickoff meetings.
10. The selected Proposer shall review and evaluate all requests for change orders, a) making a determination regarding the validity of the change order request, b) estimating and conducting negotiations with the General Contractors regarding the amounts of the change order requests, and c) providing written recommendations in a form acceptable to BPCA, with complete and appropriate backup and substantiation, for acceptance or rejection of such change order proposals.
11. BPCA shall review and approve the General Contractors' trade payment breakdowns.
12. The selected Proposer shall provide a total of six (6) underwater inspections of timber pile wrapping work – with an estimated two (2) such inspections per week – during the timber pile wrapping portion of the Pier A Structural Repairs Project. Underwater inspections of the thirty (30) timber piles will be performed by a diver who is certified as a professional engineer (the "P.E. Diver"). The P.E. Diver will conduct underwater inspections in coordination with other member(s) of the diving inspection team.

*Distributed to: All prospective Proposers*

The underwater inspections will be coordinated with the General Contractor's work schedule. Each pile will be inspected after cleaning and preparation, and again after they are fully wrapped. Additional inspections may be required, if/as necessary, to verify performance of corrective work and to confirm acceptability and approval. The selected Proposer will provide an appropriately skilled team of divers and tenders for each inspection.

#### D. Meetings and Reporting

1. The selected Proposer shall administer construction kick-off meetings and shall be responsible for the prompt preparation and distribution of meeting minutes.
2. On a daily basis, the selected Proposer shall prepare reports reflecting daily activities, including but not limited to: daily logs of the General Contractors' staffing and hours on-site, weather, deliveries, disposals, special occurrences, photo documentation of work, pre-construction conditions, job progress, contractor equipment, material testing, and work performed and completed. The selected Proposer shall submit daily Project Management reports that reflect such information via email to BPCA's Project Manager, who is responsible for managing the particular Construction Project. Daily reports shall also be retained on site and be readily available to BPCA.
3. On a weekly basis, the selected Proposer shall schedule and conduct a weekly job progress meeting with BPCA and any other relevant parties (as identified by BPCA) in order to provide updates, address BPCA's concerns, describe logistics surrounding the Project, and monitor the Construction Project schedule. The selected Proposer shall be responsible for the prompt preparation and distribution of meeting minutes each week in advance of the following progress meeting.
4. On a monthly basis, the selected Proposer shall issue a monthly Construction Project Report, which shall include a full description of the status of all aspects of the Construction Projects, including but not limited to: a brief narrative of the work status and level of completion, an assessment of whether construction targets will be met, an update on any anticipated delays or issues, project financial status and cost estimates, and tracking reports. The selected Proposer shall also conduct a monthly review of the General Contractors' budgets and expenditures and shall include such information in the Monthly Construction Project Summary Report.

#### E. Post- Construction & Close-out

1. The selected Proposer shall provide close-out services for the three (3) Construction Projects. The selected Proposer shall submit all Construction Project records, inspection reports, and a final Construction Project summary to BPCA at the time of each Construction Project's completion.
2. The selected Proposer shall determine substantial completion of the Construction Projects' Work and coordinate punch-list inspections.
3. The selected Proposer shall conduct final Construction Project inspections and approvals, and issue work acceptance certificates.
