

South Battery Park City Resiliency Project: Upcoming Two-Week Construction Notification

**Battery Park
City Authority**

Project Area: Wagner Park, The Battery
UPDATED Date: April 3, 2026

The following work, from 7 AM to 11 PM including weekends unless otherwise noted, is anticipated through **Friday, April 17, 2026**, but may be subject to change due to scheduling or weather:

- Installation of drainage at Pier A Plaza and Battery Place
 - Ground hydrant Installation at Pier A Plaza and Battery Place
 - Electrical conduit installation at Pier A Plaza and Battery Place
 - Installation of veneers at Pier A Inlet
 - Excavation and installation of aggregate at Pier A Plaza and Battery Place.
 - Material deliveries to Pier A Plaza and Greenwich Street
 - Flaggers are on-site to direct trucks for public safety and traffic control.
 - Pedestrian/vehicular access along Battery Place and surrounding streets will be maintained at all times.
- Pier A Plaza and Battery Place evening work will start at 3 PM and end at 11 PM, Monday through Friday, 7 AM to 6 PM on Saturday, and may include 7 AM to 6PM on Sunday to accelerate critical construction activities. This work is anticipated to continue for approximately 10 weeks. The team will perform excavations, grading, building of concrete forms, and concrete pours, weather permitting. Truck traffic will be present and deliveries will take place. An excavator will be working on site; some noise is anticipated to be associated with this work. The team will use light towers directed at the relevant work areas, not facing the street.
